PROJECTS

Personal Website | *HTML, Node.js, CSS, Bootstrap, Javascript*

- Built a personal website to showcase my projects, skills, and background in one place.
- Made sure the site works well on all devices and is easy to navigate.
- Used HTML, CSS, and JavaScript to add interactive features and display multimedia content.

LEADERSHIP EXPERIENCE

Cyber Young Network | *Secretary*

University of Texas at San Antonio
Oct. 2024 - Present

- Co-Founder and Secretary of Cyber Young Network, a student organization founded by myself and fellow UTSA technology major students. Our mission is to empower students with skills, knowledge, and resources to excel in the technology field through hands-on experience, career growth, and a supportive community.
